QUALITY OF SERVICE

The success of SHC has been built on the belief that service and quality of equipment coupled with a competitive hire rate are the key factors that our customers look for in a Plant, Tool Hire and Powered Access supplier.

Our attention to safety and service was recognised when we became one of the first companies to be awarded the HAE's prestigious 'Safe Hire' accreditation back in 2001. Amongst the other awards and accreditations we have received over the years are 'Hire Company of the Year', and the HAE's much sort after 'Excellence in Customer Care' and 'winner of 'Excellence in Training'.

Trade Associations

We are active members of our trade associations; the HAE - (Hire Association Europe) is the leading trade association for hire and rental companies in the UK and Ireland, IPAF (International Powered Access Federation) promotes the safe and effective use of powered access worldwide and PASMA, the principal UK focus for Mobile Access Tower training, standards and best practice.

Ease of Payment

SHC offers an excellent array of payment options including all major credit cards.

Low-Cost Insurance

We now run the Hire Guard insurance scheme, which means that for just 15% of the hire cost you are fully covered against the theft or accidental damage of that equipment up to a value of £50,000. What is more the excess is very reasonable - ranging from £25 to £500, depending on the size of the claim.

Deposits

A deposit is required on every item hired unless you are an account customer.

Training

The Health & Safety at Work Act places a duty on employers to provide an adequate level of training in the safe use of Mobile Elevated Work Platforms (MEWPs) and the erection of Alloy Towers. SHC Hire Centres can arrange training with qualified IPAF and PASMA instructors for you or your workforce.

Terms and Conditions

All equipment hired out under HAE Terms and Conditions. Please refer to our website for full details.

ALL PRICES EXCLUDE VAT

From our Head Office in Skipton, SHC now offer our customers a variety of Training courses, ensuring your employees are properly trained on the equipment they use at work.

All our courses are accredited according to the type of equipment training you need, ensuring you comply with the Health & Safety at Work Act 1974

IPAF Operator Training

1-day Operator Training on Powered Access in any 2 of the following categories :

- 1b. Static Boom
- 3a. Mobile Vertical
- 3b. Mobile Boom

Successful trainees will receive a PAL (Powered Access Licence), valid for 5 years. The PAL card details the equipment categories the holder has been trained to operate.

Safe Erection of Alloy Access Towers

This one day course will ensure that you and/or your staff who work at height are competent to erect and use a Scaffold Tower, in accordance with The Work at Height (2005) Regulations.

Other Training courses are available including:

- Telehandler
- Abrasive Wheel
- Fork Lift Truck

For further details on the above or other available courses please email: office@shc.co.uk or phone **01756 700205 / 01756 704621**
