DIY & Gardening

Training Courses

## QUALITY OF SERVICE

The success of SHC has been built on the belief that service and quality of equipment coupled with a competitive hire rate are the key factors that our customers look for in a Plant, Tool Hire and Powered Access supplier.

Our attention to safety and service was recognised when we became one of the first companies to be awarded the HAE's prestigious 'Safe Hire' accreditation back in 2001.

Amongst the other awards and accreditations we have receive over the years are 'Hire Company of the Year', and the HAE's much sort after 'Excellence in Customer Care and winner of 'Excellence in Training'.

## TRADE ASSOCIATIONS

We are active members of our trade associations:

### Hire Association Europe – HAE

*The leading trade association for hire and rental companies in the UK and Ireland*

### International Powered Access Federation – IPAF

*Promotes the safe and effective use of powered access worldwide*

### Prefabricated Access Suppliers and Manufacturers Association – PASMA

*The leading trade association for mobile access tower training, standards and best practice*

## EASE OF PAYMENT

SHC offers an excellent array of payment options including all major credit cards, bank transfer & cash

## LOW COST INSURANCE

We run the HireGuard insurance scheme, which means that for just 15% of the hire cost you are fully covered against the theft or accidental damage of the equipment up to a value of £50,000.

What is more, the excess is very reasonable, ranging from only £25 to a maximum of £500 depending on the size of the claim.

## DEPOSITS

A deposit is required on every item hired, unless you hold a trade account with us.

E: northallerton@shc.co.uk

All equipment is hired under HAE Terms and Conditions, full details can be found on our website

From our Head Office in Skipton, SHC now offer our customers a variety of Training Courses, ensuring your employees are properly trained on the equipment they use at work.

All of our courses are accredited according to the type of equipment training you need, ensuring that you comply with the **Health & Safety at Work Act 1974**.

## IPAF OPERATOR TRAINING

1 day operator training on Powered Access in any two of the following categories:

### CATEGORY 1B - STATIC BOOM

Covers access machinery such as trailer mounted boom lifts, tracked boom lifts and van mounted lifts.

### CATEGORY 3A - MOBILE VERTICAL

Covers access machinery such as scissor platform lifts, rough terrain scissor platform lifts and vertical mast lifts.

### CATEGORY 3B - MOBILE BOOM

Covers access machinery such as scissor platform lifts, rough terrain scissor platform lifts and vertical mast lifts.

Successful trainees will receive a **PAL** (Powered Access Licence), valid for **5 years**. The PAL card details the equipment categories the holder has been trained to operate.

## PASMA TRAINING - SAFE ERECTION OF ALLOY TOWERS

This one day course will ensure that you and your staff who work at height are competent to erect and use an alloy scaffold tower, in accordance with the **Work at Height (2005)** Regulations.

Successful trainees will receive a **PASMA** card valid for **5 years**.

APPROVED
