WE PRIDE OURSELVES ON QUALITY

We are an established Hire company built on the belief that good service and quality of our hire equipment coupled with competitive hire rates are the key factors that our customers look for in a Plant and Tool Hire supplier.

HOW TO OPEN AN ACCOUNT

Visit the SHC website
www.shc.co.uk

Provide your name and address and
we will send you an application form

Either post the forms to our Skipton Head Office or email accounts@shc.co.uk

A Credit / Debit card + I.D. is required for cash hires

www.shc.co.uk

Quality of Service

The success of SHC has been built on the belief that service and quality of equipment coupled with a competitive hire rate are the key factors that our customers look for in a Plant, Tool Hire and Powered Access supplier.

Our attention to safety and service was recognised when we became one of the first companies to be awarded the HAE's prestigious 'Safe Hire' accreditation back in 2001. Amongst the other awards and accreditations we have received over the years are 'Hire Company of the Year', and the HAE's much sort after 'Excellence in Customer Care Award'.

Trade Associations

We are active members of our trade associations; the HAE - (Hire Association Europe) is the leading trade association for hire and rental companies in the UK and Ireland, IPAF (International Powered Access Federation) promotes the safe and effective use of powered access worldwide and PASMA, the principal UK focus for Mobile Access Tower training, standards and best practice.

International Powered Access Federation

SHC are proud to be part of IPAF the world authority for powered access equipment. Not only can you be very confident that all our equipment is maintained to the highest standards, but our staff are also fully trained and can offer you training courses to gain the certificate needed by law to operate a range of powered access equipment.

Ease of Payment

SHC offers an excellent array of payment options including all major credit cards.

Low Cost Insurance

We now run the HireSecure insurance scheme which means that for just 15% of the hire cost you are fully covered against the theft or accidental damage of that equipment up to a value of £100,000. What is more the excess is very reasonable ranging from £100 to £500, depending on the size of the claim!

Deposits

A deposit is required on every item hired unless you are an account customer.

Training

The Health & Safety at Work Act places a duty on employers to provide an adequate level of training in the safe use of Mobile Elevated Work Platforms (MEWPs) and the erection of Alloy Towers. SHC Hire Centres can arrange training with qualified IPAF and PASMA instructors for you or your workforce.

Terms and Conditions

All equipment is hired out under HAE Terms and Conditions. Please refer to our website for full details.

CHOOSING THE RIGHT PPE

Your safety is paramount and we want to help you choose the correct Personal Protective Equipment (PPE) for the tools you are using. We have used the below symbols throughout our catalogue as recommendations to the PPE we believe you will need with each piece of equipment.

SAFETY HELMETS

Head protection.

EYE PROTECTION

All eye protection is certified to EN166B and welding masks are supplied with all welding equipment.

PROTECTIVE GLOVES

Available in a number of styles and materials, fit for all jobs.

RESIDUAL CIRCUIT BREAKERS

To ensure safer use of electric tools with 240V.

EAR PROTECTION

Ear plugs and ear defenders are suitable for general purpose.

PROTECTIVE MASK

A number of masks are available ranging from fabric nuisance, to fine particle filters.

HIGH VISIBILITY

Be safe, be seen, SHC high visibility gear keeps you in sight and safe on site.

PROTECTIVE FOOTWEAR

To suit all job and working conditions, our footwear comes in a range of styles and materials.

ARE YOU FULLY COVERED?

LOW COST INSURANCE FOR YOUR PEACE OF MIND

We run the HireSecure Damage Waiver Scheme, which means that for just 15%* of the hire cost (+VAT), you are fully covered against the theft or accidental damage of the equipment you have hired, up to a value of £100,000.

What's more, the excess is very reasonable, ranging from only £100 to a maximum of £500, depending upon the size of the claim. See our website for more details.
